Advanced

A Front-End Developer who is passionate about delivering outstanding quality and service. From my childhood, I always knew I had an interest in computers. So I am building my career in it with pleasure.

EXPERIENCE

June 2022 to Current

Mid-Level Web Developer IBTECH, Kocaeli, Turkey

- For technologies, we use Angular in Front-End and .NET Core in Back-End. For the database, MsSQL is used. Also, we are using a framework called VeriBranch along with ASP.NET.
- I got involved in many projects and improved myself, especially in problem-solving.

February 2021 to June 2022

Web Developer Intern IBTECH, Kocaeli, Turkey

- Used Technologies: We've used .Net Core with Entity Framework in the Back-End and HTML/CSS/React JS&Redux in the Front-End.
- Improved my code security by solving some problems using Fortify tool.
